Cascade introduces two new wide-width curtain options, CAMLIN and COLIN, designed to provide a seamless and luxurious drape for larger windows.

The CAMLIN Bouclé Curtain offers a rich, tactile comfort with its soft, nubby weave, adding cozy depth and warmth. Conversely, the COLIN Matte Shine Curtain provides a sleek, modern aesthetic with its smooth, light-reflective finish, bringing refined sophistication.

Both curtains, crafted in a wide-width format, minimize fabric usage and eliminate vertical joints, resulting in a clean, expansive, and tailored look that enhances a room's style.
