

ELKA

CHENILLE TEXTURE CURTAIN

A thoughtfully curated chenille collection where simplicity meets refined luxury. Crafted with an ultra-soft handfeel and graceful drape. Long associated with classic European interiors and quiet old-money aesthetics, chenille has remained a symbol of understated luxury and timeless sophistication.

Presented in a versatile palette of carefully curated tones, the collection blends beautifully across warm minimal, contemporary, and premium interior spaces. Soft to touch, easy to style, and developed with azo-free processing making them highly recommended for sensitive skin, ELKA reflects a more conscious approach to modern living.
